

## Supreme Court Asked to Switch Lemley Ruling

WASHINGTON (AP) — The Supreme Court today was asked to hold a special session to rule on a lower court order delaying school integration in Little Rock, Ark., for 2½ years.

Two attorneys petitioned the high tribunal to hear arguments immediately and overturn the order by U.S. Dist. Judge Harry J. Lemley.

Their petition contends Judge Lemley's ruling is directly in conflict with the Supreme Court's decision in the school integration cases.

Wiley Branton of Pine Bluff, Ark., representing Negro pupils in Little Rock, and Waile Madison of New York, of the National Assn. for the Advancement of Colored People, filed the petition. The petition noted that the U.S. Circuit Court in St. Louis had already been asked to stay Judge Lemley's ruling, but no action has been taken.

The attorneys suggested that the Supreme Court permit bypassing of the Circuit Court, and that the high tribunal consider the case promptly so the issue may be settled before the next school term opens in September.

The Supreme Court plans to adjourn for the summer after a session next Monday. The petition asked that the court either extend its present term or hold a special term in order to dispose of the Little Rock case promptly.

## Weather

Experiment Station report for 24 hours ending at 7 a.m. Thursday, High 90, Low 56, precipitation 2.27 inches of rain; Total precipitation for the year, 32.19 inches; Precipitation during the same period a year ago, 44.73 inches.

RED RIVER dipped slightly at Fulton to 6.6 feet and Little River ending at Whitecliffs was 4 feet. Both rivers will probably rise due to heavy rain but rise will be no importance. Denison Dam discharge, 2,670 cfs, Texarkana Dam 10,000 cfs.

ARKANSAS: A few showers southeast portion this afternoon; otherwise partly cloudy and cool through Friday. Lowest, tonight 50-60 and highest Friday 75-80.

## ARK REGIONAL FORECAST BY THE ASSOCIATED PRESS

All sections of Arkansas: Partly cloudy and continued cool through tonight, with occasional light showers this afternoon in southeast, becoming partly cloudy tonight. High this afternoon low to mid 70s central and southwest, upper 60s to 70 northeast, low 70s southeast and northwest; low tonight near 60 central, in the 50s northeast, low 60s southeast, low to mid 50s northwest, low 50s southwest.

LOUISIANA: Considerable cloudiness with scattered thunder showers this afternoon and in south portion tonight and Friday. Cooler north portion this afternoon and tonight.

## Rebel Auto Workers End 3-Day Strike

DETROIT (AP) — The Chrysler-operated Army missile plant resumed normal operation today as rebel group of United Auto Workers ended a three-day strike.

## Pilot Killed in Plane Crash

SANTA ROSA, Tex. (AP) — A crop-dusting plane crashed and fatally injured pilot Richard Oliver of McAllen Tuesday.

Oliver, about 20, died several hours later in a Harlingen hospital. The Highway Patrol said the plane apparently hit a power line.

## Another U.S. Moon Fails to Go Into Orbit

CAPE CANAVERAL, Fla. (AP) — Another "basketball" satellite was boosted into space by a Vanguard rocket today. Then, like its two predecessors, the 20-inch, 21½-pound sphere plunged back to earth.

Failure of the Vanguard's second stage to ignite was blamed by the Naval Research Laboratory.

The 72-foot Navy rocket now has failed in five of its six tries. Its only success was chalked up March 17, when it launched the 3½-pound "grapefruit" satellite, finest of the man-made moons circling the earth.

Immediately in the wake of this latest failure came news from General Electric Co. that it is developing a new rocket engine capable of launching a satellite weighing as much as 20,000 pounds—almost seven times heavier than the Soviet Sputnik III.

This engine, the company said, will generate from 300,000 to a million pounds of thrust. This compares with 45,000 pounds for the Vanguard.

Components of the engine now are being tested by the GE rocket engine section at Malin, N.Y. It will be powered by liquid oxygen and kerosene, the same fuels used in the first stage of the Vanguard.

The latest Vanguard blasted off at 12:01 a.m. after delays of 2½ hours in the countdown. It was the third effort to get this particular rocket off its launching pad.

Its first stage functioned nicely, carrying the entire assembly to an altitude of 35 miles before burning out at the proper moment. By then, it was out of sight in the Florida sky.

Half an hour later, the Navy announced that the second stage, which houses the whole guidance "brain" of the rocket, did not ignite and so it did not achieve the necessary 300-mile altitude and the 10,000-mile-an-hour velocity required to put its satellite into orbit.

## Ike Pressures for Hold Line on Tax Cuts

WASHINGTON (AP) — Senate House conferees began compromise sessions on tax legislation today under strong pressure from the Eisenhower administration to hold the line against any cuts.

As conferees went into closed-door conference, members disclosed that Secretary of the Treasury Anderson was insisting on a straight one-year extension of excesses and the corporate income tax without repeal of the transportation tax.

The House voted to continue until next year the 52 per cent business income tax and excesses at 100 per cent rates to prevent a \$200,000,000 revenue loss.

The Senate, however, added provisions repealing the 10 per cent federal tax on passenger freights and the 2 per cent tax on freight.

Chairman Wilbur D. Mills (D-Ark.) of the House Ways and Means Committee, said he was standing on the House version in the light of lower federal tax revenues.

The 52 per cent corporate income tax is now scheduled to drop to 47 per cent next Monday.

The excises, also due to drop Monday in the absence of a new law, apply to cigarettes, whisky, beer, wines, automobiles, and auto parts and accessories.

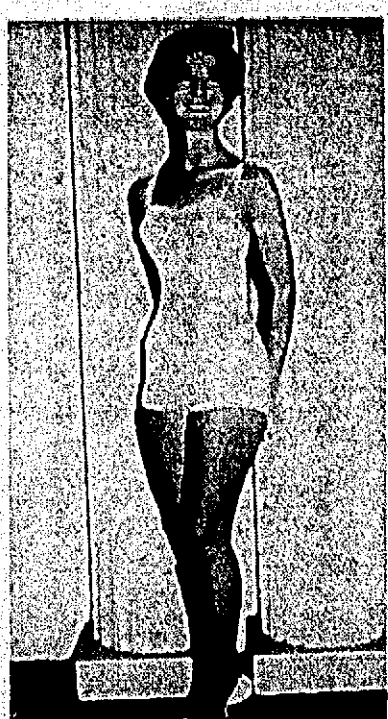

## Christian Church to Hear Dr. Briggs

Dr. Eugene S. Briggs, President of Phillips University of Enid, Okla., a Church Related University, sponsored by Christian churches, will be the speaker at a special meeting at Hope's First Christian Church this evening at 7:30 p.m.

Besides members and friends of the local church who are expected to be present, guests are expected from Arkadelphia, Gordon, Prescott, DeQueen and Nashville, as well as other points in south-west Arkansas.

He will be accompanied by Mr. Gerard Taylor, Field Representative for Phillips University.

## Dallas to Keep Its Schools Segregated

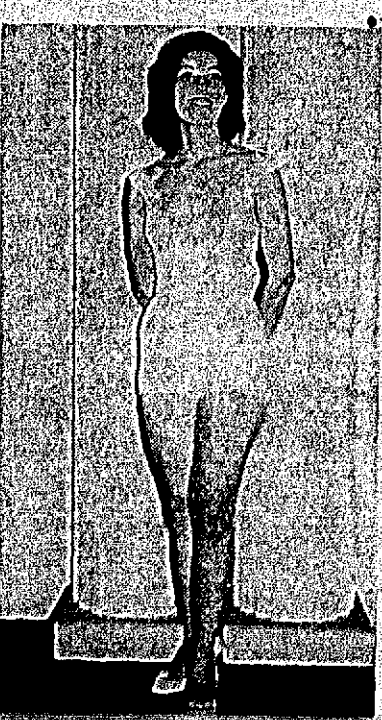

DALLAS (AP) — The Dallas school board, beset on two sides and bogged down in a legal morass, said Wednesday night its schools will remain segregated in the coming school year.

It pointed toward an apparent conflict between the U.S. Supreme Court's ruling against school segregation and Texas integration laws.

"The board is convinced that it would be a poor service to Dallas and to the large area of the Southwest which may follow the Dallas lead to undertake the activation of the Supreme Court decree in federal and state courts reach some legally acceptable unanimous opinion," said the board's statement.

Edwin C. Washington Jr., who said he was a field representative of the Dallas branch of the NAACP, said he was disappointed in the board for its seeming delay in not making a prompt and reasonable start toward integration.

The fighting probably was the heaviest of the civil war that followed formation of a rebel regime on Sumner last February.

## Indonesia Troops Recapture City

JAKARTA, Indonesia (AP) — Army headquarters reported today the rebel capital of Menado in north Celebes has been captured by government troops.

The city's fall may spell the end of all organized rebel resistance in the sprawling archipelago.

The fighting probably was the heaviest of the civil war that followed formation of a rebel regime on Sumner last February.

## Millwood Dam Project Again Up to President

WASHINGTON (AP) — A compromise bill—similar to one he has twice vetoed—to authorize 1½ billion dollars worth of water projects was before President Eisenhower today.

Congress completed action on it yesterday when both House and Senate approved a conference committee report which ironed out conflicts between slightly differing versions passed by the two branches.

Both Democrats and Republicans predicted Eisenhower will sign the new bill since it represents a compromise worked out between congress and administration representatives.

The bill does not make any money available to pay for the projects. Congress has yet to vote the appropriations.

The bill includes authorization for \$53,235,000 for the Millwood and upstream reservoirs in Arkansas and Oklahoma.

Other Arkansas flood control projects which the bill would authorize together with the amount of authorization include:

White River backwater, \$2,380,000; Beaufort and Tensas Rivers and Bayou Macon \$1,212,000; St. Francis River \$35,874,000; White River Basin Comprehensive plan 37 million dollars.

## Ex-publisher to Testify in Adams Probe

WASHINGTON (AP) — Former publisher John Fox testified today that "powerful and malign influences" were exerted against him from the federal government. He suggested the object was to eliminate his now-defunct Boston Post.

And Fox told House investigators, the federal fees "were not unconnected with the Boston Herald Traveler Corp. and Bernard Goldfine."

A special House investigating subcommittee allowed Fox to begin testifying in public despite objections by Goldfine, Boston industrialist and friend of presidential assistant Sherman Adams.

Goldfine contended through his lawyers that Fox's testimony could be expected to defame him. He asked that it be taken in closed session.

The committee decided on an open hearing but under an agreement that Fox would give notice if he were about to defame someone. On such notice, the committee would decide whether to go into closed session.

Fox had a 3,000-word prepared statement in it, he went on to say he began to be aware of what he called powerful and malign influences by a department of the federal government in 1954, when he appeared he was overcoming legal difficulties in the way of a Boston parking development in which he was interested.

"I did not know the source of these pressures nor the reason for them," Fox went on, "unless their object was to eliminate the Boston Post, which was the only major newspaper in the United States that supported Harry S. Truman in 1948."

The pressures, Fox said, resulted in forced liquidation of about 13 million dollars in bank loans which were well-secured by marketable securities.

## Compromise on 3% Tax Measure

WASHINGTON (AP) — Senate House conferees agreed today on a compromise tax extension bill eliminating the 3 per cent excess tax on freight.

The House conferees yielded to the Senate on the freight tax repeal.

Representatives of the Senate, which had voted the freight tax cut and also a reduction in the 10 per cent levy on passenger fares, gave up the passenger fare cut.

The compromise involves a revenue loss of approximately 450 million dollars.

In addition, another 33 million dollars of taxes on pipeline transportation of oil and gas would be repealed.

The compromise bill now goes to Senate and House for action expected later today.

The 2 per cent freight tax covers transportation of all forms of freight and 4 cents a ton on the transportation of coal. The pipeline excise is 4½ per cent on oil and gas at the wellhead.

## Training in Art of Twirling

BAND DIRECTOR Barbarotto has Hope High drum major-instructor in the art of twirling. Miss Betty Jean Rea, Texarkana, who won the championship this year in a statewide contest. Classes are to be held Friday, Monday, and Wednesday.

LEFT TO RIGHT are Mary Alice Mosley, Elaine Thomason, Mary Ruth Calhoun, Penny Cornella Roberts, Linda Jo Pettit, Jo Carolyn Lewis, Jo Ann Kidd, Betty Beard, Betty Jean Rea and Jon Barbarotto.

## Hard Fighting Is Raging in Port of Tripoli

By TOM MASTERSON

BEIRUT (AP) — Hard fighting raged for more than four hours today in the port of Tripoli. At least 60 persons were killed and 20 injured.

Omar Karomi, a rebel leader, told The Associated Press by telephone that the fighting broke out at noon and quickly spread to the central section of the city. Karomi is a brother of Tripoli's rebel leader Raschid Karomi.

By TOM MASTERSON

BEIRUT, Lebanon (AP) — Tension mounted in Beirut today as the Lebanese capital awaited the start of an all-out rebel offensive predicted by President Camille. Continued on Page Three

## Measles Cases Are Ahead of 1957

LITTLE ROCK (AP) — Measles cases in Arkansas still are running far ahead of last year, the state Board of Health reported today.

There were 203 cases listed last week, including 200 in Monroe county.

In the corresponding week of 1957 there were only seven cases of measles in the state.

This year's cases total 3,070 compared to 1,210 in the corresponding period last year.

Polio continues its sharp decline in Arkansas. There were no cases last week compared to four in the corresponding week of 1957.

So far this year seven persons have contracted polio compared to 20 in the corresponding period of 1957.

## All Around Town

By The Star Staff

NOTE TO CANDIDATES: Report on the drawing for positions yesterday was in error. Only candidates in the July 29 election took part, those in the race for Sheriff, Tax Assessor, Prosecuting Attorney and Governor.

Only the races with more than two candidates will be on the first ballot. Candidates to be on the August 12 ballot will select positions later.

Pete Baird writing in the New Orleans Picayune has this to say. "In Arkansas there's a federal judge who not only lives in Hope but does something about it."

Senior band drum section meets Monday, June 30, at 8 a.m. in the band hall. The drummers are Ben Waller, Billy Anderson, Joe Sheppard, Elvin Neal, John Metz and James House.

Director Jon Barbarotto wants any drum student not listed who will be in the senior band next year to also report.

At Louisiana State University, Agriculture and Mechanical Col-

## Grand Jury to Meet Here on Monday

Jack Lowe, Foreman of the Hempstead County Grand Jury, announced today that the Grand Jury would meet in its next scheduled session on Monday, June 30 at 1:30 a.m. At this meeting the jury will hear reports from its various committees; hear any witnesses—voluntary or otherwise—who may appear for hearing; prepare and present to the Circuit Judge a general report covering their labors since April 10, over matters within their jurisdiction.

"All meetings of the Grand Jury," said Mr. Lowe, "are publicized in advance at the request of the Court, in the hope that any interested citizen who desires to appear before our group on any matter over which we have jurisdiction, will do so."

## Man Wounded by Strong Constable

EL DORADO, Ark. (AP) — A 30-year-old man who police said was wounded in a clash with a constable at nearby Strong last night was reported in satisfactory condition at a hospital here today.

Sheriff O. P. Bishop said Douglas Lewis was hit in the abdomen by one slug from a .38 caliber revolver during a scuffle with Constable John Lee Jones.

The incident occurred at a drive-in restaurant.

Bishop said Lewis resisted when the constable ordered him to leave the establishment. Jones had been summoned to quiet a disorder.

The constable was treated for a broken nose, cuts and bruises suffered in the altercation.

Lewis reportedly was in critical condition when he underwent surgery late last night. After the operation, attendants said his condition had improved considerably.

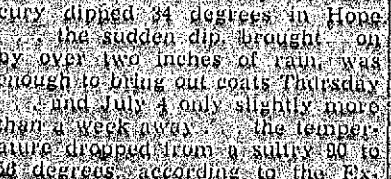

Observing that his organization is made up of representatives of growers, ginners, oil processors, exporters and others in the cotton industry, Jackson said:

"Most growers are willing to take a lower price support for more acres. They have been reduced at present almost to the point of no return. If no new law is passed and the 1950 national allotment will be less than 14 million acres, and that would be calamitous to the industry."

He said the 1958 cotton quota was 17½ million acres, but only 12½ million acres would be harvested because about a million have been placed in the soil bank.

Excess stocks of cotton are composed of inferior grades, he said. Continued on Page Three

## Flash Floods Sweep Through Arkansas

By THE ASSOCIATED PRESS

Flash floods, electrical disturbances and a barrage of thunderstorms swept Arkansas yesterday as a cold front moved into the northwest part of the state pushing squalls ahead of it.

No major damage resulted from the turbulent weather but more

than 75 families had to get out of houses in low lying areas of Fort Smith when flooding developed from a daylong rain.

There were no reports of injuries.

Driving conditions were hard on in many parts of the state for awhile.

Lightning bolts darted out of thunderstorms and struck houses at Fort Smith and Little Rock and temporarily knocked a North Little Rock radio station off the air.

The rain fall in some areas was torrential.

However, waters receded rapidly

## Prisoners in East Germany Comfortable

BERLIN (AP) — Communist East Germany reported today that nine U.S. Army prisoners are living in comfort on an "enforced vacation."

Deputy Foreign Minister Otto Winer, who dealt with the United States in the case, said the Army men were getting "absolute correct treatment."

In an exclusive interview, Winer gave this first report on the handling of the American prisoners who strayed across the border in a helicopter early this month.

Winer said his regime stood steady to return the Army men and their helicopter quickly to a fully accredited U.S. government delegate would sign an agreement covering the handover.

The United States has refused

at Fort Smith and in most other flooded areas after the rainfall slackened early last night.

The U. S. Weather Bureau at Little Rock expected the heavy rains and in the state to be over by midnight.

About 50 Negro families were driven out of their homes in a Fort Smith housing project and throughout the city some 25 to 30 other families left their residences. All of the evacuees were expected to be able to return today.

Radio Station KXLR at North Little Rock was off the air for about 1 1/2 hours last night after lightning hit a transmitter.

A cloud funnel was sighted over Malvern yesterday afternoon. The Weather Bureau did not class it as a tornado because there was no evidence that it touched the ground.

The funnel allowed the city to try out a new tornado warning system for the first time. It was a successful test.

The cloud vanished when a down-pour began.

## Prescott News

Mrs. Gatlin  
Victory HD Club Hostess

Mrs. Elery Johnson was co-hostess when the Victory Home Demonstration Club met on Friday afternoon in the home of Mrs. L. C. Gatlin for the June meeting. A lovely arrangement of gladioli was placed on a table in front of the picture window. Other summer flowers were placed at vantage points.

The president, Mrs. Johnnie Hooks, presided and conducted the business. Mrs. Arthur Turner, Secretary, read the minutes and called the roll. She also gave the

to sign such an accord, holding that it would imply diplomatic recognition of the German satellite regime.

The nine army men—eight officers and a sergeant from the 3rd Armored Division in West Germany, fell into East German hands June 7 when their helicopter became lost in a storm.

Refreshments were served from the dining table covered with a woody woodpecker cloth. Napkins, plates and cups repeated the theme. Two decorated cakes in the shape of a boy and girl flanked a cake inscribed "Happy Birthday" and were served with soft drink and ice cream.

Favors were jacks, wonder bubbles and gum for the girls and airplanes, wonder bubbles and gum for the boys.

Other guests were Phoebe Johnson, Marvina Cunningham, Bob Rouse, Frankie Anderson, Walter Nelson, Mike Robertson, John Reynolds, Richard Oates and Larry Jameson.

Boy Scouts  
Attending Camp  
Boy Scouts from Troop No. 81 attending summer camp at Camp Pioneer are Bruce Eley, Donnie Roberts, Terry Smith, Harold Bemis, Bill McDougald, Sammy Cruse and Jackie Harvey.

They were accompanied by Rolfe Wyle and James Stewart who will also spend the week at camp.

Wally Pittman  
Attending Camp  
Wally Pittman left Sunday to at-

tempt Camp Stiles near Pine Ridge. After a three week encampment the boys will leave with their counselor in a bus on July 13 for an educational tour for three weeks. Their itinerary will include points in Oklahoma, North Texas, the Petrified Forest, Painted Desert, Grand Canyon, Hoover Dam, Las Vegas and Disney Land. They will return via the southern route and visit Carlsbad Cavern and will return home August 2.

Wally was accompanied to Camp by his parents, Mr. and Mrs. Dan Pittman Jr.

Dr. and Mrs. O. G. Hirst were the weekend guests of Mrs. C. D. McSwain of El Dorado.

Mrs. Mark Justiss, Mrs. Alta Grant and Jane Nelson visited Bill Justiss at Ozark Boys Camp on Sunday.

Dr. and Mrs. W. O. Arnold of Hot Springs were the weekend guests of Mrs. Dan Pittman.

Mrs. Robert Peachey and Mrs. Luther Burns of Little Rock spent Sunday in Hope with their mother, Mrs. Jim Huskey who celebrated her 82nd birthday.

Mr. and Mrs. Tom Bemis spent the weekend at their cabin on Grassy Lake near Fulton and had as their guests, Mr. and Mrs. H. H. McKenzie.

Mr. and Mrs. Arlyn Jones motored to Little Rock Sunday for a visit with Mr. and Mrs. Johnny Stark and were accompanied by their nephew, Johnathan Stark, who has been visiting his grandparents, Mr. and Mrs. Karl King Jr.

Mr. and Mrs. Owen Duke of Dallas, Texas were the weekend guests of their mother, Mrs. J. M. Duke and other relatives.

Mr. and Mrs. D. W. Durham have had as their guests, Mrs. Sid Durham, Miss Woody Durham and Mrs. Don Gooding of Collins, Miss.

Mrs. Edward Bryson is commuting to HSTC each day and attending a Home Economics Work Shop.

Mr. and Mrs. R. P. Hamby had as their guests Sunday Mr. and Mrs. Fred Norwood and Mrs. C. A. Haynes of Washington and Mrs. Jo Ella Amour and daughter of Hope.

Mr. and Mrs. T. E. Logan and Miss Judy Logan visited in Hope Sunday afternoon.

Mrs. Lillian Vaughn of Little Rock is the guest of her sister, Mrs. J. H. Bemis and Mr. Bemis. Jim Bemis of Little Rock was a weekend guest of Mr. and Mrs. Bemis.

Dr. and Mrs. N. R. Nelson are in Washington, D. C. where Dr. Nelson is attending the National

Convention of American optometric Association as a delegate from the Arkansas Optometric Association of which he is president. Their seasonal tour for three weeks. Their itinerary will include points in Oklahoma, North Texas, the Petrified Forest, Painted Desert, Grand Canyon, Hoover Dam, Las Vegas and Disney Land. They will return via the southern route and visit Carlsbad Cavern and will return home August 2.

Wally was accompanied to Camp by his parents, Mr. and Mrs. Dan Pittman Jr.

Dr. and Mrs. Glenn Hairston, James and Ruth spent last week at Lakeland Lodge on Lake Hamilton.

Mr. and Mrs. Earl Eppler and Mrs. Gus Woodul have as their guests Mr. and Mrs. Gus Woodul Jr., Judy and Gus 3rd of Memphis, Tenn.

Eddie White and Elmond White Jr. of Fort Smith are the guests of their grandparents, Mr. and Mrs. Watson White and Aunt, Miss

Lillie Butcher.

Dr. and Mrs. O. G. Hirst were the weekend guests of Mrs. C. D. McSwain of El Dorado.

and shortages exist or are threatened in the improved varieties. Under the Senate bill, he said, producers of better grade cotton would tend to plant more acreage and take the 15 per cent cut in price support.  
He said he preferred the Senate provision over the House legislation, which calls for a 17 million acre minimum allotment and permits growers to plant a third more land by taking a cut in the price support.

## Family Overcome by Ammonia Fumes

HASTINGS, Mich. (AP) — A young couple and their two infant sons were overcome by ammonia fumes Tuesday night when a line through which liquid ammonia was being pumped from a tank car to a storage tank burst.  
Police Chief Richard Senior said hundreds of pounds of the liquid ammonia escaped and "enveloped an eight square block of Hastings with a dense fog of ammonia gas."  
Mr. and Mrs. Charles Roscoe both in their early 20s, and their sons Charles Jr., 16 months, and Kevin, 5 months, were overcome. All were hospitalized. Their condition was reported good.  
Senior said the Roscoes lived near the railroad siding on which the tank car carrying the ammonia was parked.  
The ammonia was sent by the

## Darrows Say Their Life Is Wonderful

By DOROTHY HOE  
Associated Press Women's Writer  
It takes two to tango, and two to enjoy most of the other pleasant things of life.  
This is a conclusion reached by an American husband who quit work 25 years ago and has spent the time since discovering the endless wonders of the world in company with his wife.

"When a man and woman get married, they look forward to companionship for the rest of their lives," says Charles B. Darrow of Cedarrows Farm, Bucks County, Pa.  
"But too often the man gets so involved in the pressures of business that his wife rarely sees him—and when she does he is too tired to talk."  
"When fate made it possible, I decided to spend the rest of my life enjoying the companionship of my wife and family, and I have never regretted that decision."

The event that made this idyllic life possible was Darrow's invention of the game Monopoly, which since has sold 20 million copies and made Darrow a millionaire. When the great American depression hit bottom in the 1930s he was out of a job and flat broke. His wife was expecting a baby and there was no money for doctor bills. So the Darrows started playing games—and the result was the game which has outsold most others in history.

At first Darrow made the games by hand and marketed them. Then he sold the patent and retired to live on his royalties.

The Darrows now live on a 300-acre farm where they raise orchids and make color movies for fun. They have two sons and two grandsons and every year they take a trip together to a different country.

"We have a wonderful time whenever we go," says Darrow. "Mrs. Darrow looks for rare orchid specimens to bring home and I take color movies."

Darrow was in his middle 40s when he struck it rich. Now he is approaching 70 and says: "One thing everybody should realize is that the later years of life can be the happiest—if there are two of you to enjoy them together."

Olin Mathieson Corp., Morgantown, W. Va., to the P. B. Anthony Ammonia Co., Dorr, Mich.

## Hard Fighting

Continued From Page One

Chamoun.  
Rebel attacks resumed Wednesday in Beirut, in the north Lebanese part of Tripoli, and in the Bekaa Valley after the departure of U.N. Secretary General Dag Hammarskjöld.

Fighting continued through the night in Tripoli. A rebel source said at least four persons were killed. An army communiqué said the rebels opened fire on army positions and passing civilian automobiles.

Beirut, however, was quiet after several hours of firing Wednesday. Chamoun had predicted Tuesday that leaders of the 48-day-old rebellion against his government would launch a full-scale assault within 48 hours.

## Wolfson Says Motor Deal no Wrongdoing

NEW YORK (AP) — Financier Louis E. Wolfson denies any wrongdoing in connection with stock of the American Motors Corp.

Wolfson, defendant in a civil court action brought here by the Securities and Exchange Commission, said in a statement from his Jacksonville, Fla., office: "Any charge or accusation of manipulation or fraud by reason of anything I have done is ridiculous and will be proved to be unjustified in due course."

Wolfson said he has not owned any American Motors stock for several weeks.

He was temporarily restrained Tuesday from further dealings in American Motors Corp. common stock. The SEC said the company was not involved in the case

## Russia Still Seeking a Foreign Policy

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP) — The Soviet Communists, like the Devil, have been credited with diabolical cunning in planning every move. They look now like men who have been in a confused search for a foreign policy for five years.

Joseph Stalin was neither modern nor subtle. He could think only in terms of violence. This provided him with a simple philosophy at home and abroad. He used terror to keep the Soviet people and the satellites in line.

As for Communist expansion, he thought in the crudest terms: push where you think you can get away with it. For instance, the war in Korea, the pressure on Iran, Tur-

against Wolfson.

Acting on a complaint by the SEC, Federal Judge Frederic VanPelt Bryan issued an order temporarily restraining the financier from further alleged violations of provisions of the Securities and Exchange Act of 1934.

Wolfson, 46, started with a Jacksonville, Fla., junkyard. His personal fortune now is estimated at close to 100 million dollars. Until recently he was said to be the largest stockholder in American Motors.

The SEC said Wolfson or his agents caused statements to be published which depressed the price of American Motors common stock.

In its complaint to the court the SEC said Wolfson indicated in various statements last winter and this spring that he was maintaining his interest in American Motors when actually he was unloading his entire holding of the company's stock.

key Greece, and the Berlin blockade.

But what he achieved was what he wanted: a solid Western alliance against the Soviet Union and a view by neutrals that the Soviet Union was a symbol of the bogeyman. He had cultivated his time.

He died in 1953 at the dawn of a new age: the atomic and hydrogen bomb, and intercontinental missiles. His heirs had to accommodate themselves to both the new age and new tactics to offset the damage he had done.

To win over the neutrals, Nikita Khrushchev sought to give the appearance of a benevolent Soviet Union freed at last from the terror of purges and violent advances.

As an example of the new day—with the exception of secret police chief Lavrenti Beria who was executed—Khrushchev's rivals, like Molotov and Malenkov, were simply purged from their jobs. Unsettled, they were banished to the provinces.

And the Soviet Union began economic help to the backward countries. At the same time, Khrushchev had to find a way to soften the West and split its alliances by giving the appearance of a new, peaceful, friendly Soviet Union.

Hence his denunciation in 1956 of Stalin as a murderer and his suggestion—undreamed of by Stalin's time and anathema then and now to old-line Stalinists—that there are different roads to socialism—meaning communism.

This was intended to win back Yugoslavia, give the appearance of relaxation of Soviet control over the satellites, encourage Western nations to show less hostility to their own native, home-grown Communist parties.

Meanwhile, Khrushchev in person toured around Europe and Asia, talking good will. But all this, as it turned out, was not so much a well thought-out policy as an experiment, and one which turned out, ruinously.

The Poles and Hungarians, taking advantage of what they

thought was relaxation, revolted. The latter had to be crushed by the Soviet army. Yugoslavia refused to be wooed back into the Soviet fold.

In short, the policy failed, and doubly so: the Western alliance did not disintegrate under Khrushchev's blandishments and unrest in the satellites continued, even though Khrushchev did make some progress with the neutrals.

Commercial woodlands in the U. S. are growing enough sawtimber every day to fill a train of box cars 530 miles long.

### Patient Awakened During Operation

SAN FRANCISCO (AP)—A teenager with her heart opened was awakened on the operating table to demonstrate the value of hypnosis in surgery, a Beverly Hills doctor reported today.

While her heart was out of commission and her blood was being pumped by a machine, the 14-year-old girl opened her eyes and responded repeatedly to the doctor's instructions, he said.

She then was put to sleep again by suggestion and came through the operation in good shape. Twenty days later she left the hospital.

An account of the operation was given in a paper before the American Medical Assn. by Dr. Milton Marmer, who handled the anesthesia and did the hypnotizing.

A return to consciousness while under open heart surgery is a good idea because it allows the doctors to check on whether patient's brain is being damaged while the machine is taking over the job of the heart.

With hypnosis, a smaller amount of anesthetic was needed to put the patient to sleep and it enabled the doctor to restore her to slumber after once awakening her.

### Social Security Pay

ANN ARBOR, Mich. (AP)—One of the nation's top Social Security experts today predicted Congress will raise Social Security payments for 11 million people by 10 per cent this year.

Dr. Wilbur J. Cohen, frequent consultant to congressmen on Social Security legislation and a University of Michigan professor, made the prediction in an interview.

Cohen returned here from Washington a few days ago where he attended the hearing of the House Ways and Means Committee which is considering Social Security changes.

Cohen also predicted Congress would raise the amount of wages on which employees, employers and self-employed persons must pay tax from \$4,200 to \$4,800 a year and would make dependents of disabled Social Security recipients eligible for payments.

### Tot Drowns in Bucket of Water

NASHVILLE, Tenn. (AP)—One-year-old Albert Hurt tumbled from his bed into a mop bucket full of water and drowned.

His mother Mrs. Albin E. Hurt, 17, said she was cleaning her three-room house when she decided to rest for a moment.

When she returned to the room 10 minutes later, she said, she found the infant head down in the bucket beside the bed.

It was Albert's first birthday.

### Studied in Florida

MIAMI, Fla. (AP)—A giant squid, said to be the largest taken in this area, is being studied by scientists at the University of Miami Marine Laboratory. The 43-foot, 250-pound squid was found floating near Abaco Island in the Bahamas by a U. S. Fish and Wildlife Service patrol boat.

**Texarkana Gets  
Slum Clearance Cash**

WASHINGTON (AP)—A \$237,723 loan and a \$66,048 capital grant for a Texarkana, Ark., slum clearance project was announced today by the Urban Renewal Administration.

The agency said the 44-acre "hobo jungle" project will require relocation of 69 families now living in the area. The land will be sold after clearance to private redevelopers as a site for light manufacturing installations.

The capital grant covers two thirds of the expected \$85,072 deficit and includes an amount for aiding in the relocation of site residents.

**Two Held for Taking  
an Invalid's Check**

HARRISON, Ark. (AP)—Officers said two men were in jail here today in connection with a case in which a \$60.70 Social Security check was taken from an elderly man confined to a wheel chair.

The check was cashed on a forged signature, officers reported.

Secret Service Agent James L. Lewis of Little Rock said yesterday that charges were filed in U. S. District Court at Harrison against Jefferson William Studdard, 30, and Ivan Weatherford, 33, both of Mountain Home.

They waived hearing before U. S. Commissioner Joe D. Villines here and were returned to Boone County Jail in default of \$1,000 bond each.

The incident occurred while the two men were playing dominoes at the residence of John B. Skiver in Mountain Home, Lewis said. The check, belonging to Skiver, Lewis said the check was cashed at Yellville.

**Polaris Rocket  
Undergoes Tests**

CAPE CANAVERAL, Fla. (AP)—A lightning swift Polaris experimental rocket roared skyward today in a strenuous test of its guidance and control systems.

Just as was planned, the trim rocket twisted crazily high in the sky until its fuel ran out and it broke apart.

After rising about 100 feet, the Polaris jerked sharply to the left and continued straight up. The Navy explained the vehicle was directed to follow a flight path involving abrupt upward and downward pitches.

The rocket, a forerunner of what probably will be the nation's most advanced intermediate range ballistic weapon, tumbled and then burst apart when fuel burnout occurred 29 seconds after take off.

**Masonry Crumbles,  
Shopper Killed**

DETROIT (AP)—A woman window shopper was killed and two others were hurt in a rain of masonry chunks from the collapse of a seventh-story downtown building cornice Tuesday.

Rush hour crowds would have been periled had the heavy section of masonry fallen only a few minutes earlier. Crowds of other shoppers and housewifely salespeople had barely departed.

An 18-foot section of cornice high on a Woodward Avenue building broke off, showering the sidewalk below with heavy pieces of cement. Rustled supporting rods were blamed.

Mrs. Myrtle Taggart, 70, a widow, was struck and killed.

**No Longer Yank Cousins**  
By ED WILKS

Associated Press Sports Writer

That gag about the Kansas City A's being a New York Yankee farm club in the American League is wearing so thin there are holes in it.

Particularly since it was an ex-Detroit hand who drove in the winning run, a pair of former Cleveland players who batted in others and an ex-Injun southpaw who was credited with the victory in that 4-3 Kansas City decision over Washington Wednesday night.

It was the only A's game played in rain washed out the others.

In the National League, San Francisco rapped Milwaukee 10-2.

The St. Louis Cardinals defeated Pittsburgh 3 Philadelphia beat the Chicago Cubs 4-1 in 10 innings.

But Tuttle delivered the payoff hit for the A's winning a single atop the middle with the bases loaded in the ninth to crack a 3-0 lead.

Frank House, who went to the A's from Detroit with Tuttle in the Billy Martin deal of last winter, opened the rally with a double and losing reliever Dick Hyde then walked a pair.

Dick Tomack (3-3) won his first for Kansas City, getting the final out after the Senators tied it in the ninth on a walk and Abbie Pearson's triple off Tom Gorman.

Tuttle, House, Roger Maris and Preston Ward had five of the A's eight hits. Maris singled home the A's second run and scored the first off starter Pete Ramos. Ward who traveled with Maris and Tomack to Kansas City from Cleveland, homered for a 3-2 lead in the eighth off Alvin Valentinetti.

Purchased Monday by the Nats from Detroit.

### Redstone Missile Test Successful

CAPE CANAVERAL, Fla. (AP)—An Army Redstone ballistic missile has completed another apparently highly successful trip through space.

The huge Redstone, capable of striking a target more than 300 miles away with extreme accuracy, blasted away in a fiery show of power Tuesday night.

The shoot brought the 63-foot Chrysler rocket a step closer to becoming the first ballistic missile to be deployed in the field with combat troops. The Redstone may be activated with artillery units in a month or two.

The Redstone also may be the first rocket to carry man into space and return him safely to earth.

Dr. Herbert York, chief scientist for the Advanced Research Projects Agency, announced recently that proposals have been made to use the Redstone for a manned space flight.

The trip probably would last about six minutes, York said. The plans still are in the bare preliminary stages, however.

The Redstone provides the first-stage launching vehicle for Explorer satellites.

United States exports to the 20 Latin American Republics in 1957 jumped to a value of 4.7 billion dollars, an increase of one-fifth over 1956 levels.

## Ark-Louisiana Leases Plant at Pine Bluff

LITTLE ROCK (AP) — Arkansas Louisiana Chemical Corp. reportedly has leased the chemical plant facilities of the Pine Bluff Arsenal from the Defense Department.

The corporation is a wholly owned subsidiary of Arkansas Louisiana Gas Co. Ark La officials declined comment.

The Arkansas Democrat said,

however, it learned that agents for the chemical firm had initiated a 25-year lease for the arsenal properties. The facilities formerly were used by the Diamond Alkali Co.

Final acceptance of the property awaits Defense Department endorsement, the newspaper said. The agreement was signed this week in Little Rock, the news story said.

The chemical corporation was formed four months ago as a Delaware corporation. The Democrat said it had indicated to Army Engineers in its bidding for the lease that it would place the plant in operation late next fall, possibly about Nov. 1.

W. R. Stephens is president and chairman of the board of Ark La. He holds the same position with the chemical corporation.

No gas company official now is in a position to comment on the arsenal matter, Stephens said.

The chemical firm reportedly plans to produce chlorine and sodium hydroxide, a caustic material, at the plant near Pine Bluff.

Chlorine is the basic raw material for a wide field of chemical processing. The Democrat said facilities will be provided to produce 75 tons of chlorine and 84 tons of caustic daily.

## Voter Schools Are Planned for Negroes

LITTLE ROCK (AP) — A Negro voting organization will hear reports on voters' schools for Negroes when it meets here Saturday.

C. J. Jones, publisher of a Negro newspaper and president of the State Non-Partisan Voters Association, said several candidates in major races would appear. He did not identify them.

He said he expects about 75 representatives from various county voter associations to attend Saturday's meeting.

## Murphy Corp. Buys Two Refining Plants

SUPERIOR, Wis. (AP) — Sale of the Lake Superior Refining Co. and an associated firm, Superior Refinery Owners Inc., to the Murphy Corp. of El Dorado, Ark., was announced today.

C. H. Murphy Jr., president of the Arkansas firm, said that management of the two firms will continue without major changes, but that refining facilities will be expanded.

The sale was accomplished by exchange of 71,958 shares of Murphy Corp. stock for all common

## Town Raises \$13,000

SANTA BARBARA, Calif. (AP) — Six weeks ago the brakes on Russel C. Moore's truck failed at the top of a grade in this seaside city.

He could have jumped. But instead he stuck with it, shepherding the runaway through eight street crossings. Almost miraculously, he avoided pedestrians and autos. The truck crashed into a creek. Moore was killed.

Moore, 31, left a wife and four children. A fifth is on the way.

stock and notes of the two firms, Murphy said.
